We aim to source all our food locally as we are passionate about where your food is reared and harvested. Beef comes from our own herd of Dexter, Belted Galloway and Highland Cows in the fields around the village. Our Pork comes from our own Rare Breed Pigs grown on our farm. Our next door neighbour Rob at Coldrife Farm, Supplies our Lamb. Ice Cream and sorbets come Howie's at Morwick, Eggs from our own neighbours the Hylops, the game from Ellingham gamekeeper (Please beware the game may contain lead shot). Our potatoes come from Particularly good Potatoes based in Wooler. You can even purchase delicious marmalade that is made here in Ellingham Village with donations going to the St. Maurice Church down the village.
